About Corneilla

Corneilla-de-Conflent is a beautiful mountain village which originated in the 12th Century when it was the capital of the Conflent region. The main surviving building from this period is the church which contains many famed works of art. Access to this church can be arranged with a guided tour. The village itself is situated at the foot of the Canigou mountain which is a protected site and no building is now permitted on it. The height of the peak is 2784m and it dominates and creates a dramatic skyline.

The village itself offers easy access to the hiking paths of the Canigou mountain for walking and cycling. Although walking and cycling are permitted on the mountain, snowsports such as skiing or snowboarding require a journey further North. The main ski resorts (Les Angles and Font Romeu) are a 35 minute car journey away.

For touring the area, the village offers an excellent base. Some of the sites of interest in the area are listed below:

- Villefranche-de-Conflent (Walled medieval town)
- Grottes-des-Canalettes (Magnificent caves)
- Geology Museum (Incredible collection of over 10,000 fossils and minerals)
- St.Martin-du-Canigou (an Abbey dating back to the 9th Century)
